

Program Description

Nurture paid for The Organic Gardener to provide gardening education to a group of 33 people who will have plots at the Moraine Township Pantry Garden. .

Overall Results

91% of participants rated the session as Excellent or Very Good

100% of participants rated the information as Easy or Very Easy to apply

Some Comments from Participants

Some comments translated from Spanish

My favorite part of the session was:

“Knowing little but learning a lot”

“We received all the information needed to learn how to plant with success”

“Detailed info about planting, what to plant, and the benefits of planting your own vegetables”

“Organic gardening and the way we can involve family”

“Discussing local conditions and food that function here”

“The presentation was also in Spanish”

To improve the program I would recommend:

“More on composting”

“To advertise in the community and schools”

In future session I would like to learn more about the following topics:

“How to plant herbs indoors”

“Composting techniques, managing bugs/pests, pruning”
